ATTACHMENT B

The following are responses to inquiries received.

Question 1: We are actively working with the Oracle team to finalize our pricing proposal. However, Oracle has advised they need additional time to prepare pricing for Option Year 2 (OY2).

Oracle also provided the following note regarding Part #B41088:

“It is our understanding that the project associated with part number B41088 is currently on hold. Once the project status is confirmed and we receive direction on whether this component will be required, we will be happy to provide the corresponding pricing.”

To ensure we can submit a complete and responsive proposal, we respectfully request a short extension of the closing date for this opportunity.

Response 1: The District reached out to Oracle on Tuesday, February 17, 2026, and requested that Oracle provide bidders pricing on the referenced part in order for bidders to respond to this solicitation, as the District may order the item during the new contract. Thus, the contract is changed to a requirements type contract (see Attachment A, Item 2).

The District has extended the due date for bids in Attachment A, Item 1.
