## ENTERPRISE LICENSE AGREEMENT – CATALOG V6

### OVERVIEW

The Cisco Enterprise License Agreement (“Program”) provides customers the right to purchase and deploy Software, SaaS and Support Services enterprise-wide during the Term. Customers may choose from the list of technology suites that include a combination of Software, SaaS and Support Services solutions in the attached Exhibit B (each combination referred to as a “**Suite**”). Capitalized terms used and not defined herein shall have the meanings set forth in Exhibit A.

### PROGRAM TERMS

The Program is governed by the terms and conditions provided below, including any exhibits or attachments (“**Program Terms**”). These Program Terms take precedence in the event of a conflict with any other agreement, including the License Terms, SaaS Terms, or Service Descriptions.

1. **Program Purchase**. To make a purchase under the Program you must provide Cisco and your Reseller a completed End User Information Form (“**EUIF**”). Cisco relies on the information you provide in the EUIF as the basis for the quote to your Reseller, which the Reseller, in turn, relies upon to provide its quote to you. You may select your own Reseller from the list of Resellers participating in the Program. Resellers act independently and do not have authority to bind Cisco. Your Reseller is free to set the price for the Suite that it sells to you. The agreement between you and your Reseller governs the commercial terms of your purchase of each Suite, as well the provision of Support Services.
2. **Enterprise-Wide Use**. Your rights under the Program extend to only the Software licenses, SaaS subscriptions and Support Services purchased under the Program. You may use and deploy the Software and SaaS in each Suite on an Enterprise-Wide basis solely for your Internal Business Use and not for resale or provision of services to third parties. “**Enterprise-Wide**” means that you may: (a) provide access to the Software and SaaS to Authorized Users, (b) install the Software on all Devices that are owned or controlled by you, and (c) receive Support Services for the Software and SaaS.
3. **Usage Rights**. The License Terms, SaaS Terms and Service Descriptions govern your use of and access to the Software, SaaS subscriptions and Support Services.
4. **Organic and Inorganic Growth**. Organic Growth is unlimited during the Term subject to the Initial Growth Allowance described below and except as otherwise provided in a Suite Description. You may also increase the number of Employees and Contractors due to Inorganic Growth by up to twenty percent (20%) of the total number of Employees and Contractors identified in the initial EUIF without incurring any additional charges (“**Inorganic Growth Cap**”). If you want to extend the benefits of the Program to Employees or Contractors exceeding the Inorganic Growth Cap, you must (a) provide Cisco with a completed, then-current EUIF, (b) obtain a quote from a Reseller, and (c) submit a purchase order to such Reseller and pay the full amount reflected in such quote. During the first six (6) months of the Term, if your Organic Growth exceeds more than one hundred and five percent (105%) of the initial number of Employees and Contractors (“**Initial Growth Allowance**”), Cisco reserves the right to adjust the scope of your Program by the amount of the Initial Growth Allowance plus the overage and charge you additional corresponding fees to cover these users for the remainder of the Term.
5. **Assignment**. You may not: assign or transfer any of your interests, rights, or obligations under these Program Terms (including your rights in or to the Software, SaaS or Support Services) by written

agreement, merger, consolidation, divestiture, operation of law, or otherwise, except with Cisco's prior written consent.

6. **Participating Affiliates**. You are responsible for the acts and omissions of any Participating Affiliate under the Program. In the event there is a change to your list of Participating Affiliates (pursuant to (ii) and (iii) in the definition of Participating Affiliates below), you shall notify Cisco by sending an email to: [ela-affiliate-update@external.cisco.com](mailto:ela-affiliate-update@external.cisco.com), with the following information: End User's name, the names of the relevant entities and the then-current quantity of Employees and Contractors for such entities. Such notification shall be provided within six (6) months of such change becoming effective.
7. **Term & Termination**. These Program Terms are effective on the date specified in the applicable Suite description ("**Effective Date**"). The duration of each Suite under the Program ("**Term**") is specified in the applicable EUIF. Cisco may terminate these Program Terms earlier for your failure to pay required fees or your failure to materially comply with these Program Terms ("**Termination**"). At the end of the Term or Termination:
  - 7.1. You may continue to use any perpetual Software license installed, to the extent of the quantities activated (if applicable), as of the end of the Term;
  - 7.2. All term-based Software licenses terminate;
  - 7.3. Your rights to (a) receive Support Services, (b) add additional licenses or downloads of Software, (c) activate additional users, and (d) access and use SaaS shall all terminate;
  - 7.4. Additional activation or installation of Software is prohibited and you must destroy any product activation keys (PAKs) not in use; and
  - 7.5. You must convert Program PAKs used during the Term to non-Program PAKs provided to you by Cisco at the end of the Term.
8. **No Retroactivity**. The Program will not modify the terms of any purchases of Cisco products or services prior to the Effective Date.
9. **Delivery**. You are responsible for distribution of Software and all other Suite components internally and to your Participating Affiliates.
10. **End of Life Policy**. Cisco reserves the right to end the product or service life of any components in the Suites during the Term consistent with Cisco's standard End of Life Policy which may be found at: [http://www.cisco.com/en/US/partner/products/products\\_end-of-life\\_policy.html](http://www.cisco.com/en/US/partner/products/products_end-of-life_policy.html).
11. **Verification**. Upon reasonable request from Cisco, you will assist and make information available to Cisco to facilitate verification of the number of Software licenses that you have installed, deployed or activated.

## Exhibit A: Definitions

“**Affiliate**” means any corporation, firm, partnership or other entity that directly or indirectly controls, or is controlled by, or is under common control with you.

“**Authorized Users**” means Employees and Contractors that (i) are employed by or under contract with you and identified in your EUIF and (ii) you hire during the Term due to Organic Growth. Authorized Users also includes those Employees and Contractors you add due to Inorganic Growth in an amount equal to or less than the Inorganic Growth Cap. Inorganic Growth in excess of 20% is explicitly excluded unless you meet the requirements in Section 4.

“**Cisco**” means Cisco Systems, Inc. or the applicable Cisco Affiliate offering the Program Terms.

“**Contractors**” means non-Employees who (i) work on your behalf, (ii) whose work is under your control or supervision pursuant to a consulting, staffing or other similar written contract, and (iii) have access to your systems or networks in the ordinary course of providing their services to you.

“**Devices**” means computing or communications devices capable of running the Software or browser plug-ins associated with the Software.

“**Employees**” means your full or part-time employees.

“**End User**”, “**you**” or “**your**” mean the final purchaser as identified on the EUIF. End User includes all Participating Affiliates, provided that the entity that signed the EUIF was authorized to (i) sign on behalf of all Participating Affiliates and (ii) bind them to these Program Terms.

“**Inorganic Growth**” means growth in the quantity of your Employees and Contractors, beyond what is identified in the EUIF, due to causes other than Organic Growth.

“**Internal Business Use**” means day-to-day activities to carry out your internal business operations and expressly excludes any activities that involve you (i) providing parties other than End User with access to the Software or SaaS, including without limitation, as part of a service bureau, outsourcing, hosting, managed or any other provisioned service, and (ii) acting as a reseller.

“**License Terms**” means the then-current Cisco End User License Agreement at the time of purchase of a Suite.

“**Organic Growth**” means growth in the quantity of Authorized Users in the normal course of your business operations, not including growth from mergers, acquisitions, joint ventures, insourcing of a previously outsourced function, or similar events (whether for any of the above you are the acquirer or the acquired).

“**Participating Affiliates**” means those Affiliates that (i) are included in your EUIF and for which you have paid the appropriate fee(s) to be included in this Agreement (“**Covered Affiliates**”), (ii) you form with existing assets and employees transferred only from a Covered Affiliate, or (iii) you acquire and such acquisition does not cause you to exceed the Inorganic Growth Cap.

“**Reseller**” means the reseller authorized by Cisco to resell Suites under the Program.

“**SaaS**” means the software-as-a-service included in the Suites.

“**SaaS Terms**” means the terms of use for SaaS included in the applicable Suite.

“**Service Description**” means the terms and conditions for the applicable Support Services.

“**Software**” means the generally commercially available or supported software identified for the Suites you have purchased under the Program.

“**Support Services**” means the upgrade, maintenance, technical support or other support services you have chosen for your Suite.

## Exhibit B: Suite Descriptions

### Security Suite

#### Additional Terms

The following additional terms apply to your use of the products and services included in the Security Suite and take precedence over any conflicting Agreement Terms.

**“Effective Date”** means the date that your subscription is deemed active by Cisco.

**“SaaS Terms”** means the Cisco Universal Cloud Agreement currently available at [http://www.cisco.com/c/dam/en\\_us/about/doing\\_business/legal/docs/universal-cloud-terms.pdf](http://www.cisco.com/c/dam/en_us/about/doing_business/legal/docs/universal-cloud-terms.pdf), plus the applicable Offer Description for each SaaS offering as set forth in the Offer Descriptions currently available at <https://www.cisco.com/c/en/us/about/legal/cloud-and-software/cloud-terms.html>.

**“SWSS”** means the Cisco Software Support Service as set forth in the Service Description currently available at [http://www.cisco.com/c/dam/en\\_us/about/doing\\_business/docs/cisco-software-support-service.pdf](http://www.cisco.com/c/dam/en_us/about/doing_business/docs/cisco-software-support-service.pdf).

**“SSS”** means the Cisco Software Subscription Support (Application Term Software Subscription Support) as set forth in the Service Descriptions currently available at [https://www.cisco.com/c/dam/en\\_us/about/doing\\_business/legal/service\\_descriptions/docs/Software\\_Subscription\\_Support.pdf](https://www.cisco.com/c/dam/en_us/about/doing_business/legal/service_descriptions/docs/Software_Subscription_Support.pdf).

**“Support Services”** means the support and upgrade services provided as part of either SWSS or SSSS.

#### Cisco Cloudlock Users and Cloudlock Growth Allowance: Inorganic and Organic Growth

Subject to the Cloudlock Growth Allowance, you are entitled to use Cisco Cloudlock to monitor and scan the Covered SaaS Environment(s) only for the number of Cloudlock Users referenced in the EUIF. You may increase the number of Cloudlock Users by up to twenty percent (20%) through Organic Growth and/or Inorganic Growth during the Term (the “Cloudlock Growth Allowance”). If you want to extend the benefits of Cisco Cloudlock to a greater number of Cloudlock Users (exceeding the Cloudlock Growth Allowance), you must (a) provide Cisco with a completed, then-current EUIF, (b) obtain a quote from a Reseller, and (c) submit a purchase order to such Reseller and pay the full amount reflected in such quote. The foregoing takes precedence over Section 4 of the Agreement Terms for purposes of your use of Cisco Cloudlock.

Except as provided below for Salesforce Communities, the term “**Cloudlock Users**” means the number of unique accounts (active, suspended or otherwise) on the applicable Covered SaaS Environment(s) being monitored and scanned by Cisco Cloudlock. For example, a subscription for 1000 Cloudlock Users means that Cisco Cloudlock is authorized for use to scan and monitor up to 1000 unique accounts on each of the applicable Covered SaaS Environments.

“**Covered SaaS Environment(s)**” means the underlying software-as-a-service application(s) being monitored by Cisco Cloudlock, including by way of example, Box, Dropbox, Google, Microsoft Office365, ServiceNow, Salesforce and Slack.

If Customer has purchased the Cloudlock add-on application for Salesforce Communities, “Cloudlock Users” refers to the number of Log-In Users and/or Named Users as referenced in the EUIF. The appropriate license type should be purchased for the Salesforce Communities add-on application based on the Customer’s underlying Salesforce Communities license. A “**Log-In User**” is a user of Salesforce Communities with a login-based license that consumes a login each time he or she logs in to the community. A “**Named User**” is a user of Salesforce Communities with a member-based license allowing such User to log in to communities as often as he or she wants.

#### **Email Security Products**

Cisco Email Security Appliance (ESA) and Cisco Cloud Email Security Service (CES) do not include Email Image Analyzer and Email Cloudmark Anti-Spam, which are available as separately purchased products.

#### **Virtual Appliances**

Unless explicitly stated otherwise below, the Suite does not include any virtual appliances or licenses to use the software on the virtual appliances.

#### **ELA End Report**

Cisco shall provide you with a written report at the end of the Term that specifies the number of perpetual licenses of each Security product that you have consumed during the Term (the “**ELA End Report**”). At the end of the Term, without additional compensation of any kind to Cisco or any third party, the number of fully paid up, worldwide, perpetual licenses (subject to termination as provided hereunder) granted by Cisco to you will be equal to the number of licenses for such product specified in the ELA End Report.

#### **Support Entitlement**

Unless Support Services are specified for a product in the table below, support and upgrades are not included in the Security Suite for that product and are available under a SMARTNET or other separately purchased hardware support contract. For SaaS offerings, support and upgrades are included as set forth in the applicable SaaS Terms. You are responsible to obtain such support not included in the Security Suite, and are free to obtain it directly from Cisco, from the Reseller, or from another Cisco authorized support provider you select.

#### **License Term Duration**

The duration of the license term for each component of the Security Suite is set forth in the table below. If the License Duration for a particular product does not specify “Term,” the license grant for that product is perpetual and shall continue unless terminated as otherwise provided under these Agreement Terms.

PRODUCT NAME	LICENSE DURATION	SUITE COMPONENT	SUPPORT SERVICES
