EIS qualifies as a small business under the Information Technology Value Added Reseller exception to NAICS 541519. However, EIS subcontracts 100% of software, maintenance, training and services to SAS Institute, Inc., a large business. Thus, EIS does not meet limitations on subcontracting requirements (FAR 52.219-14, 13 CFR 125.6) or the nonmanufacturer rule (13 CFR 121.406).

The terms and conditions of GSA Schedule 47QTCA18D0081 held by Executive Information Systems, LLC apply to any license of SAS Institute Inc. software products and any purchase of SAS Institute Inc. services or support/maintenance, including any open market license or purchase. These terms and conditions can be found at www.execinfosys.com or are available upon request. Any additional or different terms and conditions received with, or incorporated by reference in, any customer purchase order or other customer purchase documentation are expressly rejected and inapplicable to any such license or purchase.

SAS QUOTATION ATTACHMENT

This is an Attachment to Quotation No. EIS-11063-P8S9 (“Quotation”) provided by Executive Information Systems, LLC (“EIS”) to the District of Columbia (“Customer”) for time and materials-based services (“Services”) specified on the Quotation and as further described below. Customer’s purchase order (“Order”) shall be made pursuant to Federal Supply Schedule Contract No. 47QTCA18D0081 (“GSA Schedule”) held by EIS, as supplemented by the terms of this Attachment (“Agreement”). The GSA Schedule and this Attachment shall be specifically incorporated in, and made a part of, the Order by reference. No other terms shall be included in the Order.

All Services will be performed by SAS as EIS’ subcontractor.

1. **Services Terms (Quotation item 1):** EIS will provide the Services on a time and materials basis, for the period listed in the Quotation, as described below to Customer. The Services will be directed towards the following activities:

- Migration – includes metadata migration, including users/group, libraries, and connection artifacts. SAS Client install needs to be completed.
- VA configs – tuning and validation needs to be completed.
- Post Install document- All the work that is completed as part of the install and configuration a finalized document will be shared.

2. **Assumptions:**

- Customer will provide system infrastructure or hardware necessary to support the Software
- Customer assumes responsibility for incremental project costs incurred due to failures of infrastructure during the installation service
- Customer is responsible for installing and configuring all supporting networking, hardware, operating systems, any needed RDBMS clients, and other non-SAS software
- Customer will be responsible for completing specific pre-installation requirements as outlined in the PIRD before SAS will perform the installation service
- Customer is responsible for any data extraction and/or transformation of data.
- An official SAS Enterprise Excellence Center sizing will be provided to Customer and Customer will adhere to the sizing recommendations
- Customer will work with SAS after the Software Order Email is received to retrieve the deployment assets
- Customer will work with the SAS Installer to make the required changes to the installation configuration files
- Customer will provide a qualified SAS Administrator if necessary and needed at all during the installation
- The Services will be performed by SAS as subcontractor to EIS; SAS may further subcontract the Services.

3. **Exclusions:**

- Data Management work (ETL, data integration, data management, data quality, etc.)
- Creation of reports, programs, models, or analyses
- Installing software outside the identified suite of products including non-SAS software, operating systems, DBMS clients including components needed to make in-database actions work, RDBMS

clients

- Configuration of new functionality or enhancements to the SAS environment other than that which is delivered out-of-the-box with the SAS software upgrade version
 - SAS Administration tasks, such as performance testing and tuning
 - Training on management or usage of the installed software, in lieu of offerings from the SAS Education Training Division
 - Development or configuration work related to Customer-specific business processes, or any other requirements not discussed in this statement of work
 - Deployment of SAS Accelerators, such as Teradata or Hadoop
 - Deployment of SWAT packages for APIs (R, Python, etc.)
 - Disaster recovery and high availability
4. “Change Management” refers to a process for the parties to agree on a change or modification to the scope of the Services, and “Change Order” refers to the document reflecting the change or modification. Requests by Customer or EIS for such changes will be made in writing to the other party. EIS will prepare the Change Order, which will contain the following information:
- A. A description of any additional work to be performed and/or any changes to the performance required of either party.
 - B. A statement of the impact of the work or changes on the Services and the project schedule.
 - C. The estimated timetable to complete the work specified in the Change Order.
 - D. The estimated time and cost of any additional work associated with the Change Order.
- EIS will provide the proposed Change Order to Customer’s project manager for review. Customer’s project manager will respond in writing to the proposed Change Order within five (5) business days. Each party must agree in writing to the Change Order. Pending such written agreement EIS will continue to perform as if such Change Order had not been requested or recommended. If Customer provides its acceptance of the proposed Change Order in writing the EIS project manager will update the project plan to reflect the change(s).
4. **Fees.** Fees for the Services (Quotation item 1) will be invoiced monthly in arrears for hours incurred the previous month. All fees are payable net (30) days from date of invoice.
