C.2 BACKGROUND

The purpose is to allow for greater management and oversight into the Informatica suite of products for the Office of the Chief Information Officer (OCIO).

C.3 REQUIREMENTS

The contractor shall provide Informatica software, support and maintenance services associated with each product outlined in the below pricing schedule.

SECTION D

PACKAGING AND MARKING

D.1 PACKAGING

All reports and deliverables that are in “hard copy” and physically transported through the U.S. mail or private courier services are to be securely packaged using the Contractor’s best practices.

D.2 MARKING

- D.2.1 Unless otherwise specified herein, all reports and deliverables delivered under this contract must be plainly marked, stating the Contractor’s name, contract number and addressed to the recipient, including the name of the office or floor, and the recipient’s office telephone number as noted in the contract.
- D.2.2 In case of carload lots, the Contractor shall tag the car, stating Contractor’s name and contract number. Any failure to comply with these instructions will place the material at the Contractor’s risk.
- D.2.3 Deliveries by rail, water, truck or otherwise, must be within the working hours and in ample time to allow for unloading and if necessary, the storing of the materials or supplies before closing time. Deliveries at any other time will not be accepted unless specific arrangements have been previously made with the contact person identified in the contract at the delivery point.

SECTION E

INSPECTION, ACCEPTANCE AND WARRANTY OF SERVICES

E.1 INSPECTION

E.1.1 All supplies and services provided by the Contractor under this contract shall be subject to inspection by the Contracting Officer's Technical Representative ("COTR") identified in Section G.1 (b).

E.1.2 Inspection of Supplies

- (a) Definition. "Supplies," as used in this clause, includes, but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.
- (b) The Contractor shall be responsible for the materials or supplies covered by this contract until they are delivered at the designated point, but the Contractor shall bear all risk on rejected materials or supplies after notification of rejection. Upon the Contractor's failure to cure within ten (10) days after date of notification, the District may return the rejected materials or supplies to the Contractor at the Contractor's risk and expense.
- (c) The Contractor shall provide and maintain an inspection system acceptable to the District covering supplies under this contract and shall tender to the District for acceptance only supplies that have been inspected in accordance with the inspection system and have been found by the Contractor to be in conformity with contract requirements. As part of the system, the Contractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to the District during contract performance and for as long afterwards as the contract requires. The District may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the contract work. The right of review, whether exercised or not, does not relieve the Contractor of the obligations under this contract.
- (d) The District has the right to inspect and test all supplies called for by the contract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. The District will perform inspections and tests in a manner that will not unduly delay the work. The District assumes no contractual obligation to perform any inspection and test for the benefit of the Contractor unless specifically set forth elsewhere in the contract.
- (e) If the District performs inspection or test on the premises of the Contractor or subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the contract, the District will bear the expense of District inspections or tests made at other than Contractor's or subcontractor's premises; provided, that in case of rejection, the District will not be liable for any reduction in the value of inspection or test samples.
 - (1) When supplies are not ready at the time specified by the Contractor for inspection or test, the Contracting Officer may charge to the Contractor the

additional cost of inspection or test.

- (2) Contracting Officer may also charge the Contractor for any additional cost of inspection or test when prior rejection makes re-inspection or retest.
- (f) The District has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or otherwise not in conformity with contract requirements. The District may reject nonconforming supplies with or without disposition instructions.
 - (g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may require or permit correction in place, promptly after notice, by and at the expense of the Contractor. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and when required, shall disclose the corrective action taken.
 - (h) If the Contractor fails to remove, replace, or correct rejected supplies that are required to be replaced or corrected within ten (10) days, the District may either (1) by contract or otherwise, remove, replace or correct the supplies and charge the cost to the Contractor or (2) terminate the contract for default. Unless the Contractor corrects or replaces the supplies within the delivery schedule, the Contracting Officer may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.
 - (i) If this contract provides for the performance of District quality assurance at source, and if requested by the District, the Contractor shall furnish advance notification of the time (i) when Contractor inspection or tests will be performed in accordance with the terms and conditions of the contract, and (ii) when the supplies will be ready for District inspection.
 - (j) The District request shall specify the period and method of the advance notification and the District representative to whom it shall be furnished. Requests shall not require more than 2 business days of advance notification if the District representative is in residence in the Contractor's plant, nor more than 7 business days in other instances.
 - (k) The District will accept or reject supplies as promptly as practicable after delivery, unless otherwise provided in the contract. District failure to inspect and accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability upon the District, for non-conforming supplies.
 - (l) Inspections and tests by the District do not relieve the Contractor of responsibility for defects or other failures to meet contract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the contract.
 - (m) If acceptance is not conclusive for any of the reasons in subparagraph (l) hereof, the District, in addition to any other rights and remedies provided by law, or under provisions of this contract, shall have the right to require the Contractor (1) at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; provided, that the Contracting Officer may require a reduction in contract price if the Contractor fails to meet such delivery schedule, or (2) within a reasonable time after receipt by the Contractor of notice of defects or noncompliance, to repay such portion of the contract as is equitable under the circumstances if the Contracting Officer elects not to require correction or

replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation cost from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the District will have the right to return the rejected materials at Contractor's risk and expense or contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned the District thereby.

E.1.3 Inspection of Services

- (a) Definition. "Services" as used in this clause includes services performed, workmanship, and material furnished or utilized in the performance of services.
- (b) The Contractor shall provide and maintain an inspection system acceptable to the District covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the District during contract performance and for as long afterwards as the contract requires.
- (c) The District has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The District will perform inspections and tests in a manner that will not unduly delay the work.
- (d) If the District performs inspections or tests on the premises of the Contractor or subcontractor, the Contractor shall furnish, without additional charge, all reasonable facilities and assistance for the safety and convenient performance of these duties.
- (e) If any of the services do not conform to the contract requirements, the District may require the Contractor to perform these services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by performance, the District may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and reduce the contract price to reflect value of services performed. If the Contractor fails to promptly perform the services again or take the necessary action to ensure future performance in conformity to contract requirements, the District may (1) by contract or otherwise, perform the services and charge the Contractor any cost incurred by the District that is directly related to the performance of such services, or (2) terminate the contract for default.

E.2 ACCEPTANCE

Acceptance of all products and services provided under this contract shall be performed by the COTR. Acceptance means approval by the COTR of specific services as partial or complete performance of the contract.

E.3 WARRANTY OF SERVICES

- E.3.1 The time period for this warranty provision is the life of the contract plus all active options and extensions.

E.3.2 Warranty Provision:

- (a) Notwithstanding inspection and acceptance by the District or any provision concerning the conclusiveness thereof, the Contractor warrants that all services performed under this contract will, at the time of acceptance, be free from defects in workmanship and conform to the requirements of this contract. The Contracting Officer shall give written notice of any defect or nonconformance to the Contractor within 30 days from the date of discovery. This notice shall state either:
 - (1) That the Contractor shall correct or re-perform any defective or nonconforming services; or
 - (2) That the District does not require correction or reperformance.
- (b) If the Contractor is required to correct or reperform, it shall be at no cost to the District, and any services corrected or reperformed by the Contractor shall be subject to this clause to the same extent as work initially performed. If the Contractor fails or refuses to correct or reperform, the Contracting Officer may, by contract or otherwise, correct or replace with similar services and charge to the Contractor the cost occasioned to the District thereby, or make an equitable adjustment in the contract price.
- (c) If the District does not require correction or reperformance, the Contracting Officer shall make an equitable adjustment in the contract price.

SECTION F

PERIOD OF PERFORMANCE AND DELIVERABLES

F.1 TERM OF CONTRACT

The term of the contract shall be for a period of one year from the Contract Effective Date.

F.2 OPTION TO EXTEND THE TERM OF THE CONTRACT

- F.2.1 The District may extend the term of this contract for a period of one (1), one (1) year option periods, or successive fractions thereof, by written notice to the Contractor before the expiration of the contract; provided that the District will give the Contractor preliminary written notice of its intent to extend before the contract expires. The preliminary notice does not commit the District to an extension. The exercise of this option is subject to the availability of funds at the time of the exercise of this option.
- F.2.2 If the District exercises this option, the extended contract shall be considered to include this option provision.
- F.2.3 The price for the option period shall be as specified in Section B of the contract.

J.1 Doing Business with Integrity

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
OFFICE OF THE CHIEF FINANCIAL OFFICER**

DOING BUSINESS WITH INTEGRITY

Introduction

You are receiving this because you are a contractor or a vendor who does repeated business with the Office of the Chief Financial Officer (OCFO), Government of the District of Columbia, or you are an organization or individual outside the OCFO with whom we frequently interact.

Our purpose is to advise you of the high expectation of integrity that we strive to bring to bear in all of our business relationships.

Environment of Trust

The Office of the Chief Financial Officer is committed to maintaining working relationships that are founded on fair and honest exchanges in all of our business interactions. Our employees are held to high standards of ethical behavior in the conduct of their official business.

We want to share these expectations of ethical business practices with you to ensure that our business relationships are conducted with the highest level of honesty and integrity.

OCFO Code of Conduct for Employees

The OCFO Code of Conduct imparts three fundamental values for employees:

- Employees should conduct themselves in such a manner as to maintain and enhance the integrity and professional reputation of the OCFO organization
- Employees should not use their position to secure unwarranted privileges, awards, or exemptions for themselves or others
- Employees should avoid real or perceived conflicts of interest between the employee's private interest and the employee's official duties.

For your reference, the OCFO Code of Conduct can be accessed electronically at www.cfo.dc.gov. Go to Information, click on Integrity and Oversight, then click on Integrity Documents to reach the Code of Conduct.

Confidentiality of Financial and Other Information

We expect our employees to maintain absolute confidentiality concerning all information that they obtain, observe, or create relating to the financial affairs of those we do business with. We vigorously investigate any compromise of confidentiality by employees or any attempts to improperly obtain such information by private parties or businesses.

Bribery and Conflict of Interest

In addition to our standards of conduct, there are certain criminal statutes in the federal criminal code relating to bribery and conflict of interest that apply not only to employees of the federal government, but also to employees of the District of Columbia.

- The offer of anything of value in expectation of specific performance by a government employee is a crime, and even the appearance of such activity should be avoided.
- Employees may not accept anything of value (other than their government salaries) for the performance of their duties. This is outlined below under Gratuities and Other Gift Rules.
- Our employees are required to report all offers of bribes and gratuities to us, and we ensure that these matters are investigated and addressed. Likewise, we encourage anyone who believes they may have been solicited for a bribe or gratuity by an OCFO employee to report the matter immediately, as indicated at the end of this document.
- We also expect our employees to avoid conflicts of interest or the appearance of conflicts of interest. A particularly sensitive issue for government employees is the offer of employment with a company doing business with the OCFO. At any point when a government employee is considering employment with a private company that has a business relationship with the government, that employee must discontinue work on any assignment involving that company or face the very real possibility of violating conflict of interest statutes. This could also jeopardize the company's eligibility to be awarded government contracts.
- Employees are also expressly forbidden from performing official duties in situations involving friends, relatives or persons or businesses with whom they, or their family members, have a financial relationship. At any point where such a relationship is discovered or develops, the employee must discontinue their involvement in the official matter. For the employee and the business entity to continue to conduct official business after such a conflict is evident, would be inappropriate and possibly illegal.

Gratuities

It is always gratifying to hear that our staff has provided exemplary service to those with whom we do business. Sometimes, however, the expression of appreciation is made in a form that is inappropriate for government employees to accept.

OCFO employees are prohibited by law from accepting money or other things of value as an appreciation for a job well done. Sometimes even the mere offer of something of value may violate bribery and gratuity statutes. A more appropriate expression of gratitude for the service rendered is a letter to the employee's supervisor. If you don't know who that is, you may simply send your letter to the Office of the Chief Financial Officer, and it will be routed to the proper official.

Other Gift Rules

Gifts of food and/or beverages, even during holiday seasons and other celebratory occasions, are not acceptable if the giver has a business relationship of any kind with the D.C. Government. Such offers, while well-intentioned, tend to give the impression of a special relationship between the giver and the government employee.

This rule does not apply to the offer and acceptance of an insignificant item, such as a soft drink, coffee, donuts and other modest items of food and refreshments when not offered as part of a meal. Additional information on gift rules and exceptions is contained in OCFO Code of Conduct, which can be accessed electronically at www.cfo.dc.gov. Go to Information, click on Integrity and Oversight, then click on Integrity Documents to reach the Code of Conduct.

Compliance with Contracting Rules and Regulations

Ensuring compliance with the provisions of contracts is an important expectation of government employees. Even so, we have seen examples where the rules were not followed, usually based on the "need to get the job done." Such behavior puts both the government employee and the contractor in jeopardy.

If modifications to existing contracts are necessary, they should be formally pursued in accordance with OCFO contracting rules and regulations. No work outside the specifications of a contract should be performed without an approved contract modification. Performing work outside of contract specifications or beyond authorized funding, could result in a default for the contractor and denial of payment for such work. In the more extreme cases, failure to comply with contracting regulations could be considered fraud and may be investigated as a criminal violation.

Reporting Misconduct, Fraud, Waste and Abuse

The OCFO has a zero tolerance policy for fraud and misconduct involving its employees and programs. Similarly, we do not tolerate attempts to corrupt our employees.

The Office of Integrity and Oversight is an independent entity of the OCFO with responsibility for protecting the integrity of the OCFO and preventing fraud and other misconduct in OCFO programs. OIO conducts investigations of alleged employee misconduct and works closely with federal and District law enforcement agencies in investigating criminal offenses affecting the integrity of the OCFO.

We all want the government's business to be conducted fairly, impartially, and with the highest degree of integrity. The best way to ensure this is to report any indication that illegal acts or administrative misconduct may have occurred. Here is how you can report such matters, by telephone, in person, mail, or electronically:

OCFO Office of Integrity and Oversight

1100 4th Street, S.W.; Suite 750-E
Washington, DC 20024

Reporting can also be done electronically at the OCFO website: www.cfo.dc.gov. Under Information, click on the Integrity and Oversight link, and then click on Reporting Incidents and Concerns.

In order to address any concern about reporting anonymously, the OCFO has contracted with an independent, third-party organization that provides a confidential hotline service. This hotline is available for reporting allegations of OCFO employee misconduct, and fraud, waste and abuse involving OCFO programs.

Reports can be made by telephone to this toll-free hotline, which is staffed 24 hours a day, at 1-877-252-8805, or it can be accessed at www.ocfo.ethicspoint.com.
