District failure to inspect and accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability upon the District, for non-conforming supplies.
 - (l) Inspections and tests by the District do not relieve the Contractor of responsibility for defects or other failures to meet contract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the contract.
 - (m) If acceptance is not conclusive for any of the reasons in subparagraph (l) hereof, the District, in addition to any other rights and remedies provided by law, or under provisions of this contract, shall have the right to require the Contractor (1) at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; provided, that the Contracting Officer may require a reduction in contract price if the Contractor fails to meet such delivery schedule, or (2) within a reasonable time after receipt by the Contractor of notice of defects or noncompliance, to repay such portion of the contract as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation cost from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in (1) or (2) above and does not cure such

failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the District will have the right to return the rejected materials at Contractor's risk and expense or contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned the District thereby.

- (d) If the District performs inspections or tests on the premises of the Contractor or subcontractor, the Contractor shall furnish, without additional charge, all reasonable facilities and assistance for the safety and convenient performance of these duties.
- (e) If any of the services do not conform to the contract requirements, the District may require the Contractor to perform these services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by performance, the District may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and reduce the contract price to reflect value of services performed. If the Contractor fails to promptly perform the services again or take the necessary action to ensure future performance in conformity to contract requirements, the District may (1) by contract or otherwise, perform the services and charge the Contractor any cost incurred by the District that is directly related to the performance of such services, or (2) terminate the contract for default.

The Contracting Officer shall give written notice of any defect or nonconformance to the Contractor within 30 days from the date of discovery. This notice shall state either:

- (1) That the Contractor shall correct or re-perform any defective or nonconforming services; or
 - (2) That the District does not require correction or reperformance.
- (b) If the Contractor is required to correct or reperform, it shall be at no cost to the District, and any services corrected or reperfomed by the Contractor shall be subject to this clause to the same extent as work initially performed. If the Contractor fails or refuses to correct or reperform, the Contracting Officer may, by contract or otherwise, correct or replace with similar services and charge to the Contractor the cost occasioned to the District thereby, or make an equitable adjustment in the contract price.

 - (ii) Refer to the pertinent contract terms;
 - (iii) State the factual areas of agreement and disagreement;
 - (iv) State the reasons for the decision, including any specific findings of fact, although specific findings of fact are not required and, if made, shall not be binding in any subsequent proceeding;
 - (v) If all or any part of the claim is determined to be valid, determine the amount of monetary settlement, the contract adjustment to be made, or other relief to be granted;
 - (vi) Indicate that the written document is the contracting officer's final decision; and
 - (vii) Inform the Contractor of the right to seek further redress by appealing the decision to the Contract Appeals Board.
 - (5) Failure by the Contracting Officer to issue a decision on a contract claim within 120 days of receipt of the claim will be deemed to be a denial of the claim and will authorize the commencement of an appeal to the Contract Appeals Board as authorized by D.C. Official Code § 2-360.04.
 - (6) If a Contractor is unable to support any part of his or her claim and it is determined that the inability is attributable to a material misrepresentation of fact or fraud on the part of the Contractor, the Contractor shall be liable to the District for an amount equal to the unsupported part of the claim in addition to all costs to the District attributable to the cost of reviewing that part of the Contractor's claim. Liability this paragraph (a)(6) shall be determined within six (6) years of the commission of the misrepresentation of fact or fraud.
 - (7) Pending final decision of an appeal, action, or final settlement, a Contractor shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.
- (b) **Claims by the District against a Contractor:** Claim as used in paragraph (b) of this clause, means a written demand or written assertion by the District seeking, as a matter of right, the payment of money in a sum certain, the adjustment of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant.
- (1) The Contracting Officer shall decide all claims by the District against a Contractor arising under or relating to a contract.

- (2) The Contracting Officer shall send written notice of the claim to the Contractor. The Contracting Officer's written decision shall do the following:
 - (i) Provide a description of the claim or dispute;
 - (ii) Refer to the pertinent contract terms;
 - (iii) State the factual areas of agreement and disagreement;
 - (iv) State the reasons for the decision, including any specific findings of fact, although specific findings of fact are not required and, if made, shall not be binding in any subsequent proceeding;
 - (v) If all or any part of the claim is determined to be valid, determine the amount of monetary settlement, the contract adjustment to be made, or other relief to be granted;
 - (vi) Indicate that the written document is the Contracting Officer's final decision; and
 - (vii) Inform the Contractor of the right to seek further redress by appealing the decision to the Contract Appeals Board.
 - (3) The Contracting Officer shall support the decision by reasons and shall inform the Contractor of its rights as provided herein.
 - (4) Before or after issuing the decision, the CO may meet with the Contractor to attempt to resolve the claim by agreement.
 - (5) The authority contained in this paragraph (b) shall not apply to a claim or dispute for penalties or forfeitures prescribed by statute or regulation which another District agency is specifically authorized to administer, settle, or determine.
 - (6) This paragraph shall not authorize the Contracting Officer to settle, compromise, pay, or otherwise adjust any claim involving fraud.
- (c) Decisions of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Contractor as authorized by D.C. Official Code §2-360.04.
 - (d) Pending final decision of an appeal, action, or final settlement, the Contractor shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

I.8 CHANGES

- (a) The CO may, at any time, by written order, and without notice to the surety, if any, make changes in the contract within the general scope hereof. If such change causes an increase or decrease in the cost of performance of the contract, or in the time required for performance, an equitable adjustment shall be made. Any claim for adjustment for a change within the general scope must be asserted within ten (10) days from the date the change is ordered; provided, however, that the CO, if he or she determines that the facts justify such action, may receive, consider, and adjust any such claim asserted at any time

prior to the date of final settlement of the contract. If the parties fail to agree upon the adjustment to be made, the dispute shall be determined as provided in **Section I.7 Disputes**.

- (b) The District shall not require the Contractor, and the Contractor shall not require a subcontractor, to undertake any work that is beyond the original scope of the contract or subcontract, including work under a District-issued change order, when the additional work increases the contract price beyond the not-to-exceed price or negotiated maximum price of the contract, unless the CO:
 - (1) Agrees with the Contractor, and if applicable the subcontractor, on a price for the additional work;
 - (2) Obtains a certification of funding to pay for the additional work;
 - (3) Makes a written, binding commitment with the Contractor to pay for the additional work within thirty (30) days after the Contractor submits a proper invoice; and
 - (4) Provides the Contractor with written notice of the funding certification.
- (c) The Contractor shall include in its subcontracts a clause that requires the Contractor to:
 - (1) Within five (5) business days of its receipt of notice of the approved additional funding, provide the subcontractor with notice of the amount to be paid to the subcontractor for the additional work to be performed by the subcontractor;
 - (2) Pay the subcontractor any undisputed amount to which the subcontractor is entitled for the additional work within ten (10) days of receipt of payment from the District; and
 - (3) Notify the subcontractor and CO in writing of the reason(s) the Contractor withholds any payment from a subcontractor for the additional work.
- (d) Neither the District, Contractor, nor any subcontractor may declare another party to be in default, or assess, claim, or pursue damages for delays until the parties agree on a price for the additional work.

I.9 TERMINATION FOR DEFAULT

- A. The District may, subject to the provisions of paragraph C., below, by written notice of default to the Contractor, terminate the whole or any part of this contract in any one of the following circumstances: (i) If the Contractor fails to make delivery of the supplies or to perform the services within the time specified within the project work plan or any extension thereof; or (ii) If the Contractor fails to perform any of the other provisions of this contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms and in either of these two circumstances does not cure such failure within a period of ten (10) days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure.
- B. In the event the District terminates this contract in whole or part as provided in paragraph A. above, the District may procure, upon such terms and in such manner as the Contracting Officer may deem appropriate, supplies or service similar to those so terminated; and the Contractor shall be liable to the District for any excess costs for similar supplies or services. Provided, that the Contractor shall continue the performance of this contract to the extent not

terminated under provisions of this clause. The Contractor shall work with any subsequent contractor to ensure a smooth transfer of information for a period of sixty (60) days.

- C. Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the contractor. Such causes may include, but are not restricted to, acts of God or of public enemy, acts of the District or Federal Government in either their sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of the subcontractor, and if such default arises out of causes beyond the control of both the Contractor and the subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for any excess cost for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.
- D. If this contract is terminated as provided in paragraph A., above, the District in addition to any other rights provided in this clause, may require the Contractor to transfer title and deliver to the District, in the manner and to the extent directed by the Contracting Officer, (i) completed supplies, (ii) such partially completed supplies and materials, information, and contract rights (herein after called “manufacturing materials”) as the Contractor has specifically produced or specifically produced or specifically acquired for the performance being terminated; and the Contractor, shall, upon direction of the Contracting Officer, protect and preserve property in possession of the Contractor in which the District has an interest. Payment for completed supplies delivered to and accepted by the District shall be at the contract price. Payment for manufacturing materials delivered to and agreed upon by the Contractor and Contracting Officer; failure to agree to such amount shall be a dispute concerning a question of fact. The District may withhold from amounts otherwise due the Contractor for such completed supplies or manufacturing materials such sums as the Contracting Office determines to be necessary to protect the District against loss because of outstanding liens or claims of former lien holders.
- E. If, after notice of termination of this contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provision of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for a termination for convenience be the same as if the notice of termination had been issued pursuant to such clause. Section I.10 “Termination for Convenience.”
- F. The rights and remedies of the District provided in this clause shall not be exclusive and are in addition to any rights and remedies provided by law or under this contract.
- G. As used in paragraph C., above, the terms “subcontractor” and “subcontractors” means subcontractor(s) at any tier.

I.10 TERMINATION FOR CONVENIENCE

(a) The District may terminate performance of work under this contract in whole or, from time to time, in part if the Contracting Officer determines that a termination is in the District's interest. The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and effective date.

(b) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the contract.

(3) Terminate all contracts to the extent they relate to the work terminated.

(4) Assign to the District, as directed by the Contracting Officer, all rights, title and interest of the Contractor under the subcontracts terminated, in which case the District will have the right to settle or pay any termination settlement proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts. The approval or ratification will be final for purposes of this clause.

(6) As directed by the Contracting Officer, transfer title and deliver to the District (i) the fabricated or unfabricated parts, work in process, completed work, supplies, and other materials produced or acquired for the work terminated, and (ii) the completed or partially completed plans, drawings, information, and other property that, if the contract has been completed, would be required to be furnished to the District.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the District has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, any property of the types referred to in subparagraph (6) above; provided, however, that the Contractor (i) is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the District under this contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(c) After the expiration of ninety (90) days (or such longer period as may be agreed to) after receipt by the Contracting Officer of acceptable inventory schedules, the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality of termination inventory not previously disposed of excluding items authorized for disposition by the Contracting Officer. The Contractor may request the District to remove those items or enter into an agreement for their storage. Within fifteen (15) days, the District will accept title to those items and remove them or enter into a storage agreement. The Contracting Officer may verify the list upon removal of the items, or if stored, within forty-five (45) days from submission of the list, and shall correct the list, as necessary, before final settlement.

(d) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than one year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this one-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after one year or any extension. If the Contractor fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due to the Contractor because of the termination and shall pay the amount determined.

(e) Subject to paragraph (d) above, the Contractor and the Contracting Officer may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (e) or paragraph (f) below, exclusive of costs shown in subparagraph (f)(3) below, may not exceed the total contract price as reduced by (1) the amount of payment previously made and (2) the contract price of work not terminated. The contract shall be amended, and the Contractor paid the agreed amount. Paragraph (f) below shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

(f) If the Contractor and the Contracting Officer fail to agree on the whole amount to be paid because of the termination work, the Contracting Officer shall pay the Contractor the amounts determined by the Contracting Officer as follows, but without duplication of any amounts agreed on under paragraph (e) above:

(1) The contract price for completed supplies or services accepted by the District (or sold or acquired under subparagraph (b)(9) above) not previously paid for, adjusted for any saving of freight and other charges.

(2) The total of:

(i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under subparagraph (f)(1) above;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subparagraph (f)(1) above; and

(iii) A sum, as profit on subparagraph f(1) above, determined by the Contracting Officer to be fair and reasonable; however, if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow no profit under this subparagraph (iii) and shall reduce the settlement to reflect the indicated rate of loss.

(3) The reasonable cost of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontractors (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

(g) Except for normal spoilage, and except to the extent that the District expressly assumed the risk of loss, the Contracting Officer shall exclude from the amounts payable to the Contractor under paragraph (f) above, the fair value as determined by the Contracting Officer, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to the District or to a buyer.

(h) The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraphs (d), (f) or (j), except that if the Contractor failed to submit the termination settlement proposal within the time provided in paragraph (d) or (j), and failed to request a time extension, there is no right of appeal. If the Contracting Officer has made a determination of the amount due under paragraph (d), (f) or (j), the District will pay the Contractor (1) the amount determined by the Contracting Officer if there is no right of appeal or if no timely appeal has been taken, or (2) the amount finally determined on an appeal.

(i) In arriving at the amount due the Contractor under this clause, there shall be deducted:

(1) All unliquidated advances or other payments to the Contractor under the termination portion of the contract;

(2) Any claim which the District has against the Contractor under this contract; and

(3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Contractor or sold under the provisions of this clause and not recovered by or credited to the District.

(j) If the termination is partial, the Contractor may file a proposal with the Contracting Officer for an equitable adjustment of the price(s) of the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within ninety (90) days from the effective date of termination unless extended in writing by the Contracting Officer.

- (k) (1) The District may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Contractor for the terminated portion of the contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Contractor shall be entitled.
- (2) If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to the District upon demand together with interest computed at the rate of 10 percent (10%) per year. Interest shall be computed for the period from the date the excess payment is received by the Contractor to the date the excess payment is repaid. Interest shall not be charged on any excess payment due to a reduction in the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.
- (l) Unless otherwise provided in this contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of this contract for 3 years after final settlement. This includes all books and other evidence bearing on the Contractor's costs and expenses under this contract. The Contractor shall make these records and documents available to the District, at the Contractor's office, at all reasonable times, without any direct charge. If approved by the Contracting Officer, photographs, micrographs, or other authentic reproductions may be maintained instead of original records and documents.

I.11 TERMINATION OF CONTRACTS FOR CERTAIN CRIMES AND VIOLATIONS

- A. The District may terminate without liability any contract and may deduct from the contract price or otherwise recover the full amount of any fee, commission, percentage, gift, or consideration paid in violation of this title if:
- (1) the Contractor has been convicted of a crime arising out of or in connection with the procurement of any work to be done or any payment made under this contract.
- (2) There has been any breach or violation of:
- (A) Any provision of the District of Columbia Procurement Practices Reform Act of 2010, (D.C. Law 18-371; D.C. Official Code §§ 2-351.01, et seq., or
- (B) The contract provision against contingent fees.
- B. If a contract is terminated pursuant to this section, the Contractor: (i) May be paid only the actual costs of the work performed to the date of termination, plus termination costs, if any; and (ii) shall refund all profits or fixed fees realized under the contract.
- C. The rights and remedies contained in this Clause are in addition to any other rights or remedies provided by law, and the exercise of any of them is not a waiver of any other right or remedy provided by law.

I.12 EXAMINATION OF THE BOOKS

- I.12.1 The Contractor shall establish and maintain books, records, and documents (including electronic storage media) in accordance with generally accepted accounting principles and practices which sufficiently and properly reflect all revenues and expenditures of funds provided by the District under the contract that results from this solicitation. The Contractor shall retain all records, financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to the contract for a period of three (3) years after termination of the contract, or if an audit has been initiated and audit findings have not been resolved at the end of three (3) years, the records shall be retained until resolution of the audit findings or any litigation which may be based on the terms of the contract. The Contractor shall assure that these records shall be subject at all reasonable times to inspection, review, or audit by Federal, District, or other personnel duly authorized by the Contracting Officer.
- I.12.2 The Contracting Officer, the DC Inspector General, OCFO, and the District of Columbia Auditor, and/or any of their duly authorized representatives shall, until three years after final payment, have the right to examine any directly pertinent books, documents, papers, and records of the Contractor involving transactions related to the contract.

I.13 NON-DISCRIMINATION CLAUSE

- (a) The Contractor shall not discriminate in any manner against any employee or applicant for employment that would constitute a violation of the District of Columbia Human Rights Act, approved December 13, 1977, as amended (D.C. Law 2-38; D.C. Official Code §2-1402.11) (2001 Ed.) (“Act” as used in this Section). The Contractor shall include a similar clause in all subcontracts, except subcontracts for standard commercial supplies or raw materials. In addition, Contractor agrees and any subcontractor shall agree to post in conspicuous places, available to employees and applicants for employment, notice setting forth the provisions of this non-discrimination clause as provided in Section 251 of the Act.
- (b) Pursuant to rules of the Office of Human Rights, published on August 15, 1986 in the D.C. Register, Mayor’s Order 2002-175 (10/23/02), 49 DCR 9883 and Mayor’s Order 2006-151 (11/17/06), 52 DCR 9351, the following clauses apply to this contract:
- (1) The Contractor shall not discriminate against any employee or applicant for employment because of actual or perceived: race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression, familial status, family responsibilities, disability, matriculation, political affiliation, genetic information, source of income, or place of residence or business. Sexual harassment is a form of sex discrimination which is prohibited by the Act. In addition, harassment based on any of the above protected categories is prohibited by the Act.
 - (2) The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their actual or perceived: race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression,

familial status, family responsibilities, disability, matriculation, political affiliation, genetic information, source of income, or place of residence or business.

The affirmative action shall include, but not be limited to the following:

- (a) employment, upgrading or transfer;
 - (b) recruitment or recruitment advertising;
 - (c) demotion, layoff, or termination;
 - (d) rates of pay, or other forms of compensation; and
 - (e) selection for training and apprenticeship.
- (3) The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Agency, setting forth the provisions in subsections (b)(1) and (b)(2) concerning non-discrimination and affirmative action.
 - (4) The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment pursuant to the non-discrimination requirements set forth in subsection (b)(2).
 - (5) The Contractor agrees to send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the contracting agency, advising the said labor union or workers' representative of that contractor's commitments under this nondiscrimination clause and the Act, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
 - (6) The Contractor agrees to permit access to his books, records and accounts pertaining to its employment practices, by the Chief Procurement Officer or designee, or the Director of Human Rights or designee, for purposes of investigation to ascertain compliance with this chapter, and to require under the terms of any subcontractor agreement each subcontractor to permit access of such subcontractor's books, records, and accounts for such purposes.
 - (7) The Contractor agrees to comply with the provisions of this chapter and with all guidelines for equal employment opportunity applicable in the District of Columbia adopted by the Director of the Office of Human Rights, or any authorized official.
 - (8) The Contractor shall include in every subcontract the equal opportunity clauses, subsections (b)(1) through (b)(9) of this section, so that such provisions shall be binding upon each subcontractor or vendor.

- (9) The Contractor shall take such action with respect to any subcontract as the Contracting Officer may direct as a means of enforcing these provisions, including sanctions for noncompliance; provided, however, that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or Contractor as a result of such direction by the Contracting Officer, the Contractor may request the District to enter into such litigation to protect the interest of the District.

I.14 SERVICE CONTRACT ACT OF 1965

Definitions:

“Act”, as used in this clause, means the Service Contract Act of 1965, as amended (41 U.S.C. 351- 358). “Contractor” as used in this clause, means the prime Contractor or any subcontractor at any tier. “Service employee” as used in this clause, means any person (other than a person employed in a bona fide executive, administrative, or professional capacity as defined in 29 CFR 541) engaged in performing a Government contract nor exempted under 41 U.S.C. 356, the principal purpose of which is to furnish services in the United States as defined in section 22.1001 of the Federal Acquisition Regulation. It includes all such persons regardless of the actual or alleged contractual relationship between them and a contractor.

- A. **Applicability.** To the extent that the Act applies, this contract is subject to the following provisions and to all other applicable provisions of the Act and regulations of the Secretary of Labor (29CFR 4). All interpretations of the Act in Subpart C of 29 CFR 4 are incorporated in this contract by reference. This clause does not apply to contracts or subcontracts administratively exempted by the Secretary of Labor or exempted by 41 U.S.C. 356, as interpreted in Subpart C, 29 CFR 4.
- B. **Compensation:** (i) The Contractor shall pay not less than the minimum wage and shall furnish fringe benefits to each service employee under this contract in accordance with wages and benefits determined by the Secretary of Labor or the Secretary’s authorized representative, as specified in any attachments to this contract; (ii) If there is an attachment, the Contractor shall classify any class of service employees not listed in it, but to be employed under this contract. The classification shall provide a reasonable relationship to those listed in the attachment. The Contractor shall pay that class wages and fringe benefits determined by agreement of the interested parties: The contracting agency, the Contractor, and the employees who will perform the contract or their representatives. If the interested parties do not agree, the Contracting Officer shall submit the question, with a recommendation for final determination to the Office of Government Contract Wage Standards, Wage and Hour Division Employment Standards Administration (ESA), and the Department of Labor. Failure to pay such employees the compensation agreed upon by the interested parties or finally determined by ESA is a contract violation. (iii) If the term of this contract is more than one (1) year, the minimum wages and fringe benefits required for service employees under this contract shall be subject to adjustment after 1 year and not less often than once every two (2) years under wage determinations issued by ESA.
- C. **Minimum Wage.** In the absence of a minimum wage attachment for this contract, the Contractor shall not pay any service or other employees performing this contract less

than the minimum wage specified by section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended (29 U.S.C. 206). Nothing in this clause shall relieve the Contractor of any other legal or contractual obligations to pay a higher wage to any employee.

- D. **Successor Contracts.** If this contract succeeds a contract subject to the Act under which substantially the same services were furnished and service employees were paid wages and fringe benefits provided for in a collective bargaining agreement, then, in the absence of a minimum wage attachment to this contract, the Contractor may not pay any service employee performing this contract less than the wages and benefits, including those accrued and any prospective increases, provided for under that agreement. No Contractor may be relieved of this obligation unless the limitations of 29 CFR 4.1c (b) apply or unless the Secretary of Labor or the Secretary's authorized representative - (i) Determines that the agreement under the predecessor was not the result of arms-length negotiations, or (ii) Finds, after a hearing under 29 CFR 4.10, that the wages and benefits provided for by that agreement vary substantially from those prevailing for similar services in the locality.
- E. **Notification to Employees.** The Contractor shall notify each service employee commencing work on this contract of the minimum wage and any fringe benefits required to be paid, or shall post a notice of these wages and benefits in a prominent and accessible place at the work site, using such poster as may be provided by the Department of Labor.
- F. **Safe and sanitary working conditions.** The Contractor shall not permit services called for by this contract to be performed in building or surroundings or under working conditions provided by or under the control or supervision of the Contractor that are unsanitary, hazardous, or dangerous to the health or safety of service employees. The Contractor shall comply with the health standards applied under 29 CFR Part 1925.
- G. **Records.** The Contractor shall maintain for three (3) years from the completion of the work, and make available for inspection and transcription by authorized ESA representatives, a record of the following:
- (i) For each employee subject to the Act –
 - (a) Name and address;
 - (b) Work classification or classifications, rate or rates of wages and fringe benefits provided;
 - (c) Rate or rates of payments in lieu of fringe benefits, and total daily and weekly compensation;
 - (d) Daily and weekly hours worked; and
 - (e) Any deductions, rebates, or refunds from total daily and weekly compensation.

- (ii) For those classes of service employees not included in any wage determination attached to this contract, wage rates or fringe benefits determined by the interested parties or by ESA under the terms of paragraph (B)(iii) of this clause. A copy of the report required by paragraph (D) of this clause will fulfill this requirement.

- H. **Withholding of Payments and Termination of Contract:** The Contracting Officer shall withhold from the prime contractor under this or any other government contract with the prime contractor any sums the Contracting Officer, or an appropriate officer of the Labor Department, decides may be necessary to pay underpaid employees. Additionally, any failure to comply with the requirements of this clause may be grounds for termination for default.

- I. **Contractor's Report:** (i) If there is a wage determination attachment to this contract and any classes of service employees not listed on it are to be employed under the contract, the Contractor shall report promptly to the Contracting Officer the wages to be paid and the fringe benefits to be provided each of these classes, when determined under paragraph C. of this clause. (ii) If wages to be paid or fringe benefits to be furnished any service employee(s) under the contract are covered in collective bargaining agreement effective at any time when the contract is being performed, the prime Contractor shall provide to the Contracting Officer a copy of the agreement and full information on the application and accrual of wages and benefits (including any prospective increases) to service employees working on the contract. The prime Contractor shall report when contract performance begins, in the case of agreements then in effect, and shall report subsequently effective agreements, provisions, or amendments promptly after they are negotiated.

- J. **Variations, tolerances, and exemptions involving employment:** Notwithstanding any of the provisions in this clause, the following employees may be employed in accordance with the following variations, tolerances, and exemptions authorized by the Secretary of Labor: (i) In accordance with regulations issued under Section 14, of the Fair Labor Standards Act of 1938 by the Administrator of the Wage and Hour Division, ESA(29 CFR 520, 521, 524 and 525), apprentices, student learners, and workers whose earning capacity is impaired by age or by physical or mental deficiency or injury, may be employed at wages lower than the minimum wages otherwise required by section 2(a)(1) or 2(b)(1) of the Service Contract Act, without diminishing any fringe benefits or payments in lieu of these benefits required under section 2(a)(2) of the Act. Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per

week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday

premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is

not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
OFFICE OF THE CIDEF FINANCIAL OFFICER**

DOING BUSINESS WITH INTEGRITY

Introduction

You are receiving this because you are a contractor or a vendor who does repeated business with the Office of the Chief Financial Officer (OCFO), Government of the District of Columbia, or you are an organization or individual outside the OCFO with whom we frequently interact.

Our purpose is to advise you of the high expectation of integrity that we strive to bring to bear in all of our business relationships.

Environment of Trust

The Office of the Chief Financial Officer is committed to maintaining working relationships that are founded on fair and honest exchanges in all of our business interactions. Our employees are held to high standards of ethical behavior in the conduct of their official business.

We want to share these expectations of ethical business practices with you to ensure that our business relationships are conducted with the highest level of honesty and integrity.

OCFO Code of Conduct/or Employees

The OCFO Code of Conduct imparts three fundamental values for employees:

- Employees should conduct themselves in such a manner as to maintain and enhance the integrity and professional reputation of the OCFO organization
- Employees should not use their position to secure unwarranted privileges, awards, or exemptions for themselves or others
- Employees should avoid real or perceived conflicts of interest between the employee's private interest and the employee's official duties.

For your reference, the OCFO Code of Conduct can be accessed electronically at www.cfo.dc.gov. Go to Information, click on Integrity and Oversight, then click on Integrity Documents to reach the Code of Conduct.

Confidentiality of Financial and Other Information

We expect our employees to maintain absolute confidentiality concerning all information that they obtain, observe, or create relating to the financial affairs of those we do business with. We vigorously investigate any compromise of confidentiality by employees or any attempts to improperly obtain such information by private parties or businesses.

Bribery and Conflict of Interest

In addition to our standards of conduct, there are certain criminal statutes in the federal criminal code relating to bribery and conflict of interest that apply not only to employees of the federal government, but also to employees of the District of Columbia.

- The offer of anything of value in expectation of specific performance by a government employee is a crime, and even the appearance of such activity should be avoided.
- Employees may not accept anything of value (other than their government salaries) for the performance of their duties. This is outlined below under Gratuities and Other Gift Rules.
- Our employees are required to report all offers of bribes and gratuities to us, and we ensure that these matters are investigated and addressed. Likewise, we encourage anyone who believes they may have been solicited for a bribe or gratuity by an OCFO employee to report the matter immediately, as indicated at the end of this document.
- We also expect our employees to avoid conflicts of interest or the appearance of conflicts of interest. A particularly sensitive issue for government employees is the offer of employment with a company doing business with the OCFO. At any point when a government employee is considering employment with a private company that has a business relationship with the government, that employee must discontinue work on any assignment involving that company or face the very real possibility of violating conflict of interest statutes. This could also jeopardize the company's eligibility to be awarded government contracts.
- Employees are also expressly forbidden from performing official duties in situations involving friends, relatives or persons or businesses with whom they, or their family members, have a financial relationship. At any point where such a relationship is discovered or develops, the employee must discontinue their involvement in the official matter. For the employee and the business entity to continue to conduct official business after such a conflict is evident, would be inappropriate and possibly illegal.

Gratuities

It is always gratifying to hear that our staff has provided exemplary service to those with whom we do business. Sometimes, however, the expression of appreciation is made in a form that is inappropriate for government employees to accept.

OCFO employees are prohibited by law from accepting money or other things of value as an appreciation for a job well done. Sometimes even the mere offer of something of value may violate bribery and gratuity statutes. A more appropriate expression of gratitude for the service rendered is a letter to the employee's supervisor. If you don't know who that is, you may simply send your letter to the Office of the Chief Financial Officer, and it will be routed to the proper official.

Other Gift Rules

Gifts of food and/or beverages, even during holiday seasons and other celebratory occasions, are not acceptable if the giver has a business relationship of any kind with the D.C. Government. Such offers, while well-intentioned, tend to give the impression of a special relationship between the giver and the government employee.

This rule does not apply to the offer and acceptance of an insignificant item, such as a soft drink, coffee, donuts and other modest items of food and refreshments when not offered as part of a meal. Additional information on gift rules and exceptions is contained in OCFO Code of Conduct, which can be accessed electronically at www.cfo.dc.gov. Go to Information, click on Integrity and Oversight, then click on Integrity Documents to reach the Code of Conduct.

Compliance with Contracting Rules and Regulations

Ensuring compliance with the provisions of contracts is an important expectation of government employees. Even so, we have seen examples where the rules were not followed, usually based on the "need to get the job done." Such behavior puts both the government employee and the contractor in jeopardy.

If modifications to existing contracts are necessary, they should be formally pursued in accordance with OCFO contracting rules and regulations. No work outside the specifications of a contract should be performed without an approved contract modification. Performing work outside of contract specifications or beyond authorized funding, could result in a default for the contractor and denial of payment for such work. In the more extreme cases, failure to comply with contracting regulations could be considered fraud and may be investigated as a criminal violation.

Reporting Misconduct, Fraud, Waste and Abuse

The OCFO has a zero tolerance policy for fraud and misconduct involving its employees and programs. Similarly, we do not tolerate attempts to corrupt our employees.

The Office of Integrity and Oversight is an independent entity of the OCFO with responsibility for protecting the integrity of the OCFO and preventing fraud and other misconduct in OCFO programs. OIG conducts investigations of alleged employee misconduct and works closely with federal and District law enforcement agencies in investigating criminal offenses affecting the integrity of the OCFO.

We all want the government's business to be conducted fairly, impartially, and with the highest degree of integrity. The best way to ensure this is to report any indication that illegal acts or administrative misconduct may have occurred. Here is how you can report such matters, by telephone, in person, mail, or electronically:

OCFO Office of Integrity and Oversight

1100 4th Street, S.W.; Suite 750-E
Washington, DC 20024

In addition to receiving your report, investigators are available to discuss any questions or concerns you may have about the matter. Reporting can also be done electronically at the OCFO website: www.cfo.dc.gov. Under Information, click on the Integrity and Oversight link, and then click on Reporting Incidents and Concerns.

OCFO Confidential Hotline

In order to address any concern about reporting anonymously, the OCFO has contracted with an independent, third-party organization that provides a confidential hotline service. This hotline is available for reporting allegations of OCFO employee misconduct, and fraud, waste and abuse involving OCFO programs.

Reports can be made by telephone to this toll-free hotline, which is staffed 24 hours a day, at 1-877-252-8805, or it can be accessed at www.ocfo.ethicspoint.com.
